Special note on "Sleep Safe"

Here are some general guidelines as per recommended by Canada Health. Please note these facts when making your donation.

- It is recommended that nothing be in the crib of a sleeping infant including blankets, pillows, bumper pads, toys, or positional wedges.
- Proper fitting sleep sacks are acceptable.
- Swaddles - in which an infant is tightly wrapped in a blanket (arms and all) is not endorsed by Canada Health. It can impede the child's ability to communicate with their arms and can hinder the natural development of their hips. Therefore, we do not accept Swaddles.
- The only blanket that is considered suitable for sleep is a "receiving blanket" because it is lightweight and breathable.
- Any donated quilts, comforters, and heavy or large knitted/crocheted blankets will be offered to children who have transitioned to a bed.
- Smaller, lighter blankets are suitable for strollers and car seats.

OPEN:

Monday to Thursday
10 - 2pm

CLOSED:

The last Thursday of the month,
holidays and snow days

1032 Lasalle Blvd.
Sudbury, Ontario / P3A 1X6
